

Gloucestershire Parent Carer Forum Accessibility Statement

Last updated: September 2026

Gloucestershire Parent Carer Forum (GPCF) is committed to making our communications, events, services, and information as accessible and inclusive as possible.

We recognise that parent carers have a wide range of needs and preferences and we aim to remove barriers to participation wherever we can.

Our Commitment

We aim to ensure that our communications are:

Clear, simple, and easy to understand

Written in plain English where possible

Available in formats that meet a range of needs

Compatible with commonly used assistive technologies

Designed with accessibility and inclusion in mind

Digital Communications

We aim to make our emails, newsletters, website content, surveys, and documents accessible by:

Using meaningful headings and logical structure

Avoiding unnecessary jargon and acronyms

Using clear fonts and readable text sizes

Maintaining good colour contrast

Ensuring links are clearly described

Avoiding reliance on colour alone to convey information

Providing text alternatives for images where appropriate

Creating accessible electronic documents wherever possible

Reasonable Adjustments

We are committed to making reasonable adjustments wherever possible to ensure disabled people can access our information, activities, consultations, and events.

If you experience barriers to accessing our communications or services, please let us know so we can discuss appropriate support.

Alternative Formats

We can provide information in alternative formats where reasonable and practical, including:

Large print

Accessible Word documents

Accessible PDFs

Plain English versions

Alternative communication formats upon request

Events and Participation

Where possible, we will work with parent carers to understand accessibility requirements for meetings, consultations, and events.

This may include reasonable adjustments relating to communication, participation, sensory needs, or access requirements.

Feedback and Continuous Improvement

We welcome feedback about the accessibility of our communications and services. We regularly review our practices and seek feedback from parent carers to improve accessibility and inclusion across our work.

Contact Us

If you need information in an alternative format, require reasonable adjustments, or would like to provide accessibility feedback, please contact:

Gloucestershire Parent Carer Forum

Email: info@glospcf.org.uk

Website: www.glospcf.org.uk

We will do our best to respond promptly and work with you to identify an appropriate solution.
